Port of Gulfport Access Road Project

The Mississippi State Port Authority at Gulfport (MSPA) is soliciting proposals for **Professional Engineering Consultant and Management Services**. The MSPA desires to secure the assistance of a professional consulting firm/team for all engineering and design services necessary for the implementation and construction of the Port of Gulfport Access Road project. The work of the project will generally consist of approximately 1.2 miles of roadway improvements including a 160-foot grade separated bridge over U.S. Highway 90, pavement strengthening of 30th Avenue, new signalization, access management improvements and implementation of Intelligent Transportation Systems. The selected firm will be responsible for providing professional project management, engineering design, construction management as required, and all other engineering services deemed necessary for a complete project. The firm must be licensed to perform engineering services in the State of Mississippi.

The Request for Proposals and Qualifications packets are filed in the office of the Mississippi State Port Authority, Engineering Department, 2510 14th Street, Suite 1450, Gulfport, Mississippi 39501 and are by reference made a part of this Notice. You may also access all proposal documents at www.centralauctionhouse.com. All inquiries, including the Request for Proposals referenced herein, shall be in writing and directed to Cassie Cox, Administrative Assistant, Engineering Department, 2510 14th Street, Suite 1450, Gulfport, Mississippi, 39501 or via email ccox@shipmspa.com. Upon written request for consideration of your firm, a Request for Proposal and Qualifications packet will be forwarded that will provide additional information required. All proposals must be received by 4:00 p.m. local time Thursday, August 13, 2020.

Approved and Authorized by
